

AHEAD OF THE CURVE

Dubai private schools' performance in **TIMSS 2023**

TIMSS (Trends in International Mathematics and Science Study) is a global study that tracks student performance by assessing the maths and science skills of students in **Grade 4** and **Grade 8** every four years.

It is managed by the International Association for the Evaluation of Educational Achievement (IEA).

9,500 Grade 4 students from **185** private schools

8,500 Grade 8 students from **159** private schools

in Dubai participated in the assessment

The assessment helps educators and policy makers spot trends, discover what's working, and figure out where improvements are needed.
